It is INFALLIBLE in all diseases arising from impure state of the

blood or irregular action of the system.

In the Vegetable Kingdom an All-wise Being has deposited plants and herbs congenia to our constitutions and adapted to the cureof disease; and to the Vegetable Kingdom does the reason of man, as well as t'e instinct of animals, turn for antidotes to pain. The syrup is a scientific compound of the most valuable plants in nature, entirely free from deleterious and enervating innerel substances, and as it expels disease from the system, imparts strength and vigor in a corresponding degree. CERTIFICATES.

An Extraordinary Case of Scrofula. Erysipelas and Ulcers cured by the sole use of Doctor Guysott's Compound Syrup, Yellow Dock and Sursaparilla.

Dn. Guysorr-Sir: I tender you my sincere thanks for the great benefit I have derived from the use of your valuable Syrup. I have been troubled very had with a scrululous sore, which made is appearance on my clin. I stid not pay much attention to it at first supposing it to be nothing but some cruption that generally appears on persons' faces. It finally began to increase, until it apread to the back part of my head. I applied to a physician: he attended me all to no purpose. I had tried everything that could be tried. I saw your Syrup of Yellow Dock and Sars-parilla, and concluded to use it, for I knew that the Yellow Bock was one of the most valuable articles in the world for the blood. the most valuable articles in the world for the blood. I bought your Syrap, and commenced using it, and from the use of one bottle I could see a great change in my system. I continued its use until I am a well man. I now feel like a new person; my blood is perfectly cleaused, and free from all impurities. There is not a question but that your newly discovered Compound is far superior to any Sarsaparilla Syrup ever sold. This certificate is at your disposal, to publish if you like, and any one you may refer to me, I shall be happy to give them all the information I can about my case, &c. I remain your abedient servant,

GEORGE G. JOHNSON. 113 Market spreet.

The best Female Medicine known. This Extract of Yellow Dock and Sarsaparilla is a positive, speedy and permanent cure for all complaints incident to

FEMALES. Its mild alterative properties render it peculiarly applicable to the slender and delicate constitution of the female. It is unrivalled in its effect upon such diseases as Incipient Consumption, Barren ness, Leucorrhoea or Whites, Irregular Menstruation, Incontinuence of Urine, and general prostrution of the system. It immediately constructs that distressin; nervousness and institude so common to the female frame, and imparts an enersy and buoyancy as surprising as they are grateful. We have evidence on file, which induces as strongly to recommend this medicine to married people who have not been blessed with offspring.

Prelapsus Uteri, or Falling of the Womb, of five years' standing, cured by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, after every other known remedy had been tried without relief. WASHINGTON, O. Feb., 1849.

This certifies that my wife, aged twenty-seven years, has been suffering under the above complaint for five years. Nearly all of that time confined to her bed. I have for four years constantly employed the best medical talent that could be procured in this section of the country, without any benefit whatever. I have also purchased every instrument recommended for the cure of such disea-ses, all of which proved worthless.

In the spring of 1848 I was induced by my friends to try Dr. Gay-sott's Yellow Dock and Sarsaparilla which was used for four months. After she had used it for about four weeks, it was evident to all of us that she was improving and from this time she improved rapidly, and galoed flesh, and strength until the discuse was entirely removed, and she is now enjoying most excellent health.

We being neighbors of Wm. and Julia Monfort, know that the above statement as to the sickness of Mrs. Monfort, and as to the cure, being effected by "Gnysott's Yellow Dock and Sarsaparilla," to be agricult to the statement of t SARAH POWERS

GREAT CURE OF CONSUMTION. Ma. BINNETT-Dear Sir-The great benefit which I have derived from your Extract of Yellow Dock and Sarsapariila, induces me, as an act of justice, to make the following statement: After wasting for two years from general de dity, which finally terminated ing for two years from general de dity, which finally terminated in consumption, I was given up by my friends and physicians, as beyond the aid of meticine. As a last resort I was induced to try your Extract, and having used but two bottles, according to directions. I am entirely well. I would, therefore, carnestly recommend your unequalled Compound to the afflicted who desire a powerful, pleasant and safe remedy.
